

SULLIVAN & CROMWELL LLP

Latin America Estates and Personal

For more than 100 years, Sullivan & Cromwell has advised individuals and families in Latin America in connection with estate- and business-succession planning and other U.S.-related legal matters.

The Firm's work includes the creation of offshore trusts, foundations and companies designed to retain control of various family-owned entities and to make assets available to the greatest extent to family members who are or may become U.S. persons, while limiting U.S. income, gift and estate taxation.

The Group also works closely with the Firm's transactional lawyers on family office investments and other commercial matters.
